

Lack of cohesive education policy

Need to involve different groups; students, families, staff

Lack of coordination between HE and other education levels

Need to include wider community around educational inst. when planning, developing and implementing educational policies

Lack of education awareness (all levels)

Education detached from need of society

Informal, nonformal education (esp. adult ed.)

Development of Civil Society (wider community)

Need to include more stakeholders in the

Capacity building of stakeholders

GROUP A

Exchange of knowledge and best practices

Need at both international and national level, cross-sectoral and interdisciplinary

Joint projects

Knowledge exchange

Awareness raising, using BPs from the Donor States

Mobility from Donor States

Incentives, promotion of Donor States to Beneficiary States

Mobility to Donor States should focus on those students/staff with needs (e.g. disabled, intercultural groups, etc.)

Training of PL experts - to use as external educators for other institutions
